Reading

Traveling

PROFILE

Motivated and versatile student with a passion for both software and sports. Raised in a small southern Argentinian town, bringing grounded work ethic and strong adaptability to every challenge. Certified ski instructor with great interpersonal abilities. Used to balancing academic commitment with hands-on work, whether it's tackling complex programming challenges or teaching on the slopes. Enthusiastic about continuous learning, teamwork, and solving practical problems.

EXPERIENCE

Object Oriented Programming (OOP) Assistant

Instituto Tecnológico de Buenos Aires. August 2024 to Present

- Guide students with basic and intermediate Java programming tasks.
- Clarify object-oriented concepts like inheritance, encapsulation, and polymorphism.
- Help debug and review students' code submissions.

Ski Instructor

Cerro Chapelco. Winter season 2021 and 2022.

- Conducted individual and group ski lessons.
- Adapted teaching style to various learning speeds and ages.

Sales Assistant - Real state

Tierras del Sur - Negocios Inmobiliarios y Rurales. January and February 2025

- Accompanied clients to property viewings, including remote or hard-to-access locations
